

# Lesson #1 - The Basics

---

## Log In and Out of Jackrabbit

Jackrabbit is accessible from any computer or device with internet connectivity through multiple access options.

Our Support Team generates your initial **User ID** and temporary **Password**, which you will receive via email. You will use these credentials to log in to Jackrabbit. If you do not have your User ID and temporary password, contact our Support Team at [support@jackrabbittech.com](mailto:support@jackrabbittech.com).

There are multiple login methods available on the main login page which is accessed from <https://www.jackrabbitclass.com>. Bookmark this page for quick access!

- ★ Jackrabbit User ID & Password
- ★ Facebook
- ★ Google

---

**Expand/Collapse  
All**

- ▢ Login with Jackrabbit Credentials
- ▢ Login with Facebook
- ▢ Login with Google
- ▢ Log Out

Anti-virus software or a firewall might block you from logging into Jackrabbit using Facebook or Google. To resolve this, open your anti-virus software and find the Web Protection Exception option. Add the following domains: connect.facebook.net and accounts.google.com/gs/client. If you continue to experience login issues, please reach out to [support@jackrabbittech.com](mailto:support@jackrabbittech.com).

## Jackrabbit User ID Passwords

Jackrabbit User ID Passwords are case sensitive and must contain at least:

- ✓ 9 characters
  - ✓ 1 lowercase
  - ✓ 1 uppercase
  - ✓ 1 number
- 

Things happen, and passwords are forgotten or need to be updated periodically.

A Jackrabbit **User ID** password can be managed by the account User or another Jackrabbit User who has been given the required **User Permissions**.

<p><b>Change Your Own Password Option 1</b></p>	<div data-bbox="598 1205 1082 1592"><p><b>Change Password</b></p><p>Old Password* <input type="text"/></p><p>New Password* <input type="text"/></p><p>Password must contain:</p><ul style="list-style-type: none"><li>✗ 9 characters</li><li>✗ 1 lowercase</li><li>✗ 1 uppercase</li><li>✗ 1 number</li></ul><p>Re-enter Password* <input type="text"/></p><p><input type="button" value="Save"/> <input type="button" value="Cancel"/></p></div> <ul style="list-style-type: none"><li>• Select the <b>Gear</b> icon &gt; <b>Account</b> &gt; <b>Change Password</b>.</li><li>• Enter the <b>Old Password</b> and select a <b>New Password</b> that meets the requirements. Complete the <b>Re-enter Password</b> field and select <b>Save</b>.</li></ul>
---	--

## Change Your Own Password Option 2

The image shows two overlapping screenshots from the Jackrabbit Technologies application. The background screenshot is the 'Login to Your Account' page, which includes a 'Login with Facebook' button, a 'User ID' field containing 'agingvictor@gmail.com', a 'Password' field with masked characters, and a 'Forgot Password' link highlighted with a yellow box. A dashed yellow arrow points from this link to the foreground screenshot. The foreground screenshot is a 'Forgot Password' modal window. It features the Jackrabbit logo, the title 'Forgot Password', and instructions: 'Enter your User ID and Email Address on file and click "Reset My Password", so we can send you an email with a password reset link. This link is valid for 2 hours.' Below the instructions are two input fields for 'User ID' and 'Email Address', both highlighted in yellow. At the bottom of the modal is a blue 'Reset My Password' button, with a hand cursor icon over it. Below the button is a link: 'Need Help? Contact your system administrator or email the Jackrabbit Support team'.

- Navigate to the Jackrabbit login page at <https://app.jackrabbitclass.com/jr4.0/Login> and select the **Forgot Password** link.
- Enter the **User ID** and **Email Address** related to the User ID.
  - Use the email address provided when the User ID was created or last modified in Jackrabbit.
- Select **Reset My Password**, and the reset password link will be valid for 2 hours.
- If the User ID or email address on file is unknown, another Jackrabbit User with the required permissions can help or contact [support@jackrabbittech.com](mailto:support@jackrabbittech.com). The Support Team will need the User's full name and the organization's name to assist.

## Change Another User's Password

### User: LBARNHARDT

← RETURN   **SAVE CHANGES**   **DELETE**

<b>USER DETAILS</b>	<b>User Details</b>
USER PERMISSIONS	<b>Reset Password</b> Clone User Permissions   Revoke User ID
USER ACCESS-LOCATIONS	
USER ACCESS-CATEGORY1	UserID <b>LBARNHARDT</b> Org <b>Ed's Recreational Center</b>
USER ACTIVITY	First Name* <input type="text" value="Lisa"/>
	Last Name* <input type="text" value="Barnhardt"/>

- Select the **Gear** icon > **Settings** > **Users & Permissions** > **User IDs** (left menu) and select a **User ID**.
- Select the **Reset Password** button to create a temporary password.
- Notify the User and advise them to log in and change their password to one of their choice.

For the security of your data, Jackrabbit will block a User ID's access to your system after three failed login attempts and change the User ID status to locked out. Only a User with both the *Manage Users & Permissions* and *Edit User Permissions* can change the status back to normal. [Learn more about User ID Login Status.](#)

## The Executive Dashboard - An Overview

The **Executive Dashboard** empowers you with key metrics, data visualizations, alerts, and more. Dive deeper with quick and easy access to related reports.

- ★ Understand your data with visualizations that provide a clear picture of trends and patterns.
- ★ Track performance at a glance with key metrics that update in real time.

- ★ Stay ahead of the game with alerts that call out items that need your attention.
- ★ Drag and drop widgets to rearrange your layout.
- ★ Collapse or expand widgets so you can focus on what matters most to you.

Every widget on the Executive Dashboard is controlled by User Permissions, letting you decide what data your Users' can see and what actions they can take. Each help article for the Executive Dashboard widgets covers the required permissions.

---

Use the links below to learn about each widget on the Executive Dashboard.

▶ <a href="#">Key Metrics</a>	At a glance information on enrollment and drops, active records (Family, Student, Class, Instructor), and registrations with quick access to related reports.
▶ <a href="#">To Do Tasks</a>	Assign tasks to yourself and your staff and monitor their progress.
▶ <a href="#">Alerts</a>	View actionable and informative alerts and use quick links to access important information, including upcoming birthdays, waitlists with openings, overdue staff certifications, and more.
▶ <a href="#">Aged Accounts</a>	Aged accounts are broken into time buckets that can be color-coded to alert you to the family accounts that need attention.
▶ <a href="#">Revenue Summary</a>	Bar charts represent your revenue with two options: the current year compared to two previous years or 12-month trailing revenue.
▶ <a href="#">Internal Announcements</a>	Keep your Jackrabbit Users in the loop at a glance.

## The Four Main Areas Jackrabbit Stores Data

Jackrabbit organizes and stores your data in **Four Main Areas**: Family records, Student records, Class records, and Staff records. Each record has tabs to organize information and buttons and links for shortcuts to actions or reports relating to the record.

<b>Family Record</b>	<p>The Family record contains all the details related to a family. View information on parents and other contacts, children or adult students and the classes they're enrolled in, billing information, and more.</p> <p><a href="#">▶ Learn more about The Family Record</a></p>
<b>Student Record</b>	<p>In the Student record, you can see the classes the student is currently enrolled in, with details about each class. The Classes tab shows current, past, and future enrollments. You can also store medical information, track skills the student has attained, view attendance records, and more.</p> <p><a href="#">▶ Learn more about The Student Record</a></p>

<p><b>Class Record</b></p>	<p>The Summary tab of the Class record describes how the class is set up. The Enroll List tab shows who is enrolled in the class, the Drop List tab shows the students who have dropped the class, and additional tabs store even more class information.</p> <p>The Class record has many buttons and links to easily access information and actions, including emailing students or transferring them between classes.</p> <p> <a href="#">Learn more about The Class Record</a></p>
<p><b>Staff Record</b></p>	<p>The Staff record organizes information about a staff person into tabs, including details about pay rates, availability, certifications, and more. Take action using buttons, such as adding a time entry, and use links to access Class records for the classes they teach.</p> <p> <a href="#">Learn more about The Staff Record</a></p>

## The Family Record

The Family record provides a central location for storing and accessing all family information. Each Family record includes tabs to organize information, action buttons for specific tasks, links to related records or actions, and **User-defined fields** for customization.

The quickest way to access a family's record is by using the **Global Search** field above the main menu. Enter a name, email address, or phone number to locate the Family record. You can also easily navigate to a family's record from the **All Families** or **All Students** pages.

## Family: Ager

## The Student Record

The Student record is located within the **Family record**, providing a central location for storing and accessing all student information. Each Student record includes tabs to organize information, action buttons for specific tasks, links to related records or actions, and **User-defined fields** for customization.

The quickest way to access a student's record is by using the **Global Search** field above the main menu. Enter a name, email address, or phone number to locate the Family record, where you'll find links to each student in the family. You can also easily navigate to a student's record from the **All Students** or **All Families** pages.

## Frequently Asked Questions

# The Class Record

The Class record provides a central location for storing and accessing all class information. Each Class record includes tabs to organize information, action buttons for specific tasks, and links to related records or actions.

The quickest way to access a Class record is by using the **Global Search** field above the main menu. In the *find a class...* field, enter a class name or use a \* wildcard search to locate the record. You can also easily navigate to a Class record from the **All Classes** page (Classes menu).

The screenshot shows the 'Class: Allstars Youth' record page. At the top, there are two buttons: 'SAVE CHANGES' (green) and 'DELETE' (red). Below these are two callout boxes: a blue one pointing to the buttons with the text 'Buttons are used to perform actions for the class.' and a yellow one pointing to the tabs with the text 'Tabs organize the class information. The Summary tab is displayed.' The interface features a horizontal menu of tabs: 'Class Roll', 'Enroll Student', 'Email/Text Class', 'Enter Absences', 'Absence/Attendance', 'Post Class Transactions', 'Copy Class', 'Mass Drop', 'Sizes/Measurements', 'Archive Class', 'Summary', 'Enroll List', 'Drop List', 'Absences', 'Makeups', 'Waitlist', 'Instructors', 'Lesson Plan', 'Skills/Levels', 'Misc', 'Costumes', 'Notes (0)', 'Resources (2)', and 'Policy Groups (1)'. The 'Summary' tab is currently selected. Below the tabs, the class details are displayed in a form: 'Class Name' (Allstars Youth), 'Status' (Active), 'Location' (E-Cheer), 'Room' (Gym - Floor 2), 'Session' (2024-2025), 'Class Start Date' (9/3/2024), 'End Date' (8/31/2025), 'Registration Start Date' (8/1/2024), 'Days' (Mon checked, Tue, Wed, Thu, Fri, Sat, Sun), 'Start Time' (06:00pm), 'End Time' (07:00pm), 'Duration' (1:00), and a checked 'Has a Registration Fee' option.

## Legal Policies & Policy Groups - An Overview

Every organization has policies, or waivers, families must agree to prior to attending classes or using their facility. We recommend you consult with your insurance carrier or legal counsel to determine if the policies you create cover your business needs and how often the policies need to be updated.

Depending on your organization, and the programs offered, you may need to create specific policies for classes, summer camps, travel leagues, team competitions, etc. in addition to default general policies.

Jackrabbit Policies are easy to set up and give you great flexibility!

- ★ Create an unlimited number of policies and update them as needed.
- ★ Policy Groups are created from individual policies and assigned to classes.
- ★ New customers can agree to your policies when they register using the [Online Registration](#) form.
- ★ Customers can be automatically prompted to reagree to the policies in the [Parent Portal](#).
- ★ The [User Activity Report](#) reflects User actions taken for both policies and policy groups.

These steps will help guide you through the process of creating and managing the legal policies for your organization.

<p><b>Step 1 - <a href="#">Create a New Policy</a></b></p>	<p>The <i>Policy</i> tab is located under the <i>Gear</i> icon &gt; <i>Settings</i> &gt; <i>Policies</i>. On the <i>Policy</i> tab, you create and edit individual policies, add brief descriptions (optional), see if a policy has been assigned to a policy group, and review previous versions.</p> <p>Once individual policies are created, move to <i>Step 2</i> to add Policies to Policy Groups.</p>
<p><b>Step 2 - <a href="#">Create a Policy Group</a></b></p>	<p>The <i>Policy Groups</i> tab is located under the <i>Gear</i> icon &gt; <i>Settings</i> &gt; <i>Policies</i> &gt; <i>Policy Groups</i>. On the <i>Policy Groups</i> (tab), you can create a policy group and use the row menu  to edit and remove groups.</p> <p>Optionally, you can select a basic or default policy group that customers need to agree to when there is <i>no class enrollment</i>.</p> <p>Proceed to <i>Step 3</i> to assign the Policy Groups to classes.</p>

<p><b>Step 3 -Assign Policy Groups to Classes</b></p>	<p>Once you have created individual policies and added them to a policy group, it's time to assign the group of policies to a class.</p> <p>Policy groups can be added to an individual class or multiple classes. For multiple classes, go to the <i>Classes</i> menu &gt; <i>All Classes</i>, filter the classes as needed, and add the policy groups. Add a policy group to a single class using the <i>Policies</i> tab in the <i>Class</i> record.</p>
<p><b>Step 4 -Select Parent Portal Setting</b></p>	<p>The <i>Parent Portal</i> setting is located under the <i>Gear</i> icon &gt; <i>Settings</i> &gt; <i>Parent Portal</i> &gt; <i>Settings</i> (tab) &gt; <i>Class Enrollment Settings</i> section.</p> <p>Check the box for <i>Require policy agreement for each enrollment</i> if you want parents to agree to your policies for all class enrollments. If not, leave the box unchecked and they will be prompted to agree to any policies related to a new enrollment or policies that have been updated from the last policy agreement date.</p>

We recommend you review and update your legal policies at least once a year! Parents will be prompted to reagree to any updated policies when they sign into the Parent Portal. Contact [Jackrabbit Support](#) if you need any help with your policies.

A set of Default Policies is added to each Jackrabbit system when it is created; these include

Assumption of Risk, Release of Liability, Medical Emergencies, and Payment Policy. They are created to help you get started and can be modified under the Gear icon > Settings > Policies > Policies tab at any time.

## Work with the Information in Grids

Throughout Jackrabbit, you will see grids, which are sometimes referred to as tables. These grids display the data you have entered into Jackrabbit; they are incredibly robust - allowing you to group, sort, filter for specific information, and more. *Note: the features available in each grid throughout Jackrabbit may vary.*

### Sample Grid

**Staff Certifications** 7 [MANAGE CERTIFICATIONS](#)

[← RETURN](#)

- ▢ [Group Your Data](#)
- ▢ [Sort and Filter Data in the Grid](#)
- ▢ [Take Action](#)
- ▢ [Data Visuals](#)

When you are working with the [All Families](#), [All Students](#), or [All Classes](#) grids, you can save all of your grid customizations as a favorite that you can make your default view. Learn how to [Save & Load Your Favorite View](#).

## Save Your Favorite Filtered Grid Views

Save time and effort each time you open a grid page to view your data! After you have applied filters or clicked on a data visual, set the grid column widths, and you can save the filtered data as a Favorite.

Saved favorites can be set as a default view and shared with other Jackrabbit Users in your organization. There is no limit to the number of filtered grid views you can save.

<b>Save a Favorite</b>	<p>Once filters are selected, it's simple to save your favorite views:</p> <ol style="list-style-type: none"><li>1. Filter the grid for the information you are looking for.<ul style="list-style-type: none"><li>o Use the <i>filter (icon)</i>  or click on a data visual.</li><li>o Adjust column widths as needed.</li></ul></li><li>2. Click the <b>Save as favorite</b> (icon)  .<ul style="list-style-type: none"><li>o Enter a favorite name.</li><li>o Select if you want to set the favorite as the default view. This view will automatically load when you return to the page.</li><li>o Select if you want to share with your team.</li></ul></li><li>3. Click <b>Save</b>. Your filtered data, column width, and column-locked positions are all saved.</li></ol>
<b>Open a Favorite</b>	<p>Load or open a saved favorite:</p> <ol style="list-style-type: none"><li>1. Click the <b>Favorites</b> (icon)  .</li><li>2. Select your saved favorite from the drop-down list or start typing in the search field.</li><li>3. Choose one of the saved views and click <b>Load</b>. The grid populates the data, and the breadcrumbs indicate the selected filters.</li></ol> <p>If you opened a saved favorite grid view and would like to make it your default view, resave it as a favorite and toggle the <i>Make this your default view?</i> to the right. Click <b>Save</b>.</p>

<b>Delete a Favorite</b>	If you created a Favorite, you will be able to delete it:  <ol style="list-style-type: none"><li>1. Click the <b>Favorites</b> (icon)  .</li><li>2. Select the favorite you would like to delete.</li><li>3. Click <b>Delete</b>.</li></ol>
--------------------------	--

[Contact Jackrabbit Support](#) if you want to delete a Favorite filtered view created by another User.

## Notes in Jackrabbit - Family, Student, Class, and Staff

With Jackrabbit's **Notes** feature, you can create and keep detailed and searchable notes regarding your families, students, classes, and staff.

The Family, Student, Class, and Staff records each include a Notes tab where you create and store your related notes, and the Notes report allows you to work with the information in all of those records simultaneously, from one place!

- ★ Strengthen communication among your staff; alerts highlight new notes to ensure nothing important is missed.
- ★ Search, tag, and filter all of the notes in the various records and work with them as a group.
- ★ Notes are secure and are only viewable within Jackrabbit.

These notes are not visible in the Parent Portal or the Staff Portal.

# The Notes Tab

Notes are stored on the Notes tab in the Family, Student, Class, and Staff records. From this tab, notes can be added, edited, or deleted. You can also search for notes in that record, filter them by tag, and sort them by the date created or modified.

## Resources in Jackrabbit - Family, Student, Class, and Staff

Jackrabbit's Resources feature lets you upload files and add links to the Family, Student, Class, and Staff records where they are stored on the Resources tab.

- ★ Add a resource to a Class record to share with both parents through the Parent Portal and staff via the Staff Portal, or add it to a Student record to share with parents in the Parent Portal.
- ★ Limit access to sensitive documents to only Users with the required permissions.
- ★ Retain resources when a family is placed in the Lead File and later restore them.

Permissions determine what data your Users can access and what actions they can perform. Before proceeding, review [User Permissions for Jackrabbit Resources](#).

---

## The Resources Tab

Each record features a Resources tab where you can upload files and add links (URLs). For example,

add a Google Doc link with instructions in the Class record or upload a permission form document to the Family record.

- The Resources tab in each of the Family, Student, Class, and Staff records displays the number of resources on file. **Resources (2)**
- Each record type can store up to 15MB of data, with usage shown as a progress bar and available space counted down.
- Sort the resources by date created, modified, or alphabetized by resource title or filename.
- Each resource card displays a timestamp for the date created, the User who added the resource, the resource name, file name or URL, time/date, and the name of the User who last modified the resource.
- A badge indicates a restricted resource. **RESTRICTED** Note: The card for a restricted resource will not display to Users who don't have the *View Restricted Files* User permission.
- A resource shared to the Parent or Staff Portal will display a badge in the Class record to indicate that it has been published. **STAFF** **PARENTS**
- A resource shared to the Parent Portal will display a badge in a Student record to indicate that it has been published. **PARENTS**
- **Manage** each resource via the links in the Resource card to Edit, View, or Delete.

## Manage Resources (Edit, View, Delete)

---

Review [Jackrabbit's Terms of Use](#). Uploading a file confirms you have agreed to the terms and that you have consent to possess the resource you are uploading.

## QUIZ - Lesson #1 - The Basics

When you have worked through all of the articles outlined in the lesson, select the Take the Quiz button to be taken to the Lesson #1 Quiz where you can test your understanding of the concepts in this lesson. You will be asked to enter an email address for quiz results to be sent.

### Quiz #1 - The Basics

**TAKE THE QUIZ**

Number of Questions	Total Possible Points	Points Needed for an "A"	Points Needed for a "B"	Points Needed for a "C"
10	10	9	8	7
