

Update a Jackrabbit User's Email Address

It is important that a *User ID* have an email address associated with it.

- If a user is logged in and sends a Support request (using the Support Button), the response will be sent to the email address associated with that user.
 - If a user's password is locked out, a new temporary password can be sent to the email address associated with the User ID.
-

To add or edit a User's email address:

1. Go to the **Gear** (icon) > **Settings** > **Users & Permissions**.
 2. Click the **User ID** that needs updating.
 3. Enter the new **email address**.
 4. Click **Save Changes**.
-
