Print Multiple Statements / Invoices

Use this report to generate statements to fit your organization's needs. This may include using the Search Criteria to print statements by **Enrollment Status** and by Category 1, 2, or 3 as needed.

Note: Select one or more Categories, Students, Transaction Types, and Sub-types by holding down the CTRL key.

- 1. Go to the **Families** menu > **Family Reports** > **Statements-Print**.
- 2. Use the Family/Account Search Criteria to select the families whose statements you want to print If you leave all the criteria blank, you will generate a report with statements for all currently enrolled families, or you can narrow down the selection:
 - Select a specific Family/Account with the option to select individual or multiple students when you check off *Print Statement by Student(s)* and select the students from the dropdown list.
 - Select Families Enrolled in Class (search for a specific class).
 - Select Families Enrolled with Instructor (select an instructor from the drop-down list).
- 3. Use the *Transaction Search* section to narrow down the types and dates of transactions you want to be displayed on the statement.
- 4. Use the *Format Options* section to create the 'look' of the statement by selecting which family and transaction information to include. The logo, header, and footer settings are also customized here.
 - **Tip:** If you regularly use the same Statement Header and /or Footer, you can create defaults in the *Gear icon > Settings > General > Statements (left menu)*. If you need to change the default for one set of statements only, you can edit the header/footer while on the *Statements Print* screen.
- 5. Click Submit.
 - \circ Statements will be created based on the settings you've chosen and opened in PDF format so that they can be printed on 8 1/2 x 11 paper.
 - Printed statements fit into a #10 window (business size) envelope for mailing.
