

# Lesson #6 - Manager Use of the Time Clock

---

## Manage the Time Clock - An Overview

Permissions control the ability of your Users to see certain data and take specific actions. Before moving forward review [Time Clock Administrator - Required User Permissions](#)

One or more people in your organization should be selected to work with the Jackrabbit Time Clock.

Managing the Time Clock is a four-step process that should be completed in the following order:

1. [View time entries and resolve incomplete time entries](#)
2. [Approve or Unapprove time entries.](#)
3. [Close the pay period](#) (all time must be approved before a pay period can be closed).
4. Export to [Excel](#) to work with the data or export it to [Express Payroll](#) for payroll processing.

Jackrabbit only accepts a 12-hour format when entering time into the time fields. You will be prompted to enter the next digit and am or pm. **Note: when entering a single-digit number, you must either enter a "0" before the number or enter a ":" after the number. Military time is not accepted!**

---

[Expand/Collapse All](#)

### [Frequently Asked Questions](#)

## Manage the Time Clock Step 1 - Review Time Entries

If a Jackrabbit User has [appropriate permissions](#), all time entries are viewable, for each staff member, under their Time Card tab.

Time entries that have been approved are highlighted in yellow. Hours that have been split are highlighted in brown and when the hours are displayed in red, it indicates that the actual hours have

been changed.

Time entries may also be viewed when [Approving Time](#) or using [Time Clock Reports](#).

## Incomplete Time Entries

Any staff person that doesn't have an out time for the day is considered an Incomplete Time Entry. To find Incomplete Time Entries, go to the **Staff** menu > **Time Clock** > **Incomplete Time Entries**. It is important to go through these regularly to find staff with Incomplete time entries.

You can either enter individual Out Times for each Incomplete Time Entry, or if all the Incomplete Time Entries are checked out at the same time, enter the time in the Set Out-Time for all Incomplete Time Entries field. This is a global box, so all Incomplete Time Entries will be marked with this time. **Save Changes**.

## 📖 Frequently Asked Questions

# Add a Time Entry from Within Jackrabbit

It's also possible to record a *Time Entry* while logged into Jackrabbit (without launching the Staff Portal). In order to do this, the user must have a Jackrabbit User ID (not just a Staff Portal Login ID) and have appropriate permissions for that *User ID*.

1. Go to the **Staff** (menu) > **Active Staff**.
2. Click the staff member's **name**.
3. Click the **Add Time Entry** button.
  - If the staff member has a *Manual In/Out* or a *Clock In/Out* time entry method, the *Add Time Entry* window displays with an *In Time* and *Out Time* field.
  - If the staff member has the *Total Hours* time entry method, the *Add Time Entry* window will offer a *Total Time* field.

4. After entering time, be sure to click **Save**. If prompted, click **OK**. The entered time will be recorded on the staff member's *Time Card* tab.

## Manage the Time Clock Step 2 - Approve/Unapprove Time

In order to complete a pay period, it is necessary for all time to be approved. Time can be approved as soon as the time entry is created. If you have assigned *Managers* to *Departments*, you may decide to have the Managers approve time. They can choose to approve time in any frequency they prefer (daily, weekly, etc.), or they can wait and perform the approval process at the end of the pay period.

If you pay instructors for the time before or after class/day/time entry, be sure you set a *Time Buffer*. See the [Time Clock: Time Entry Settings](#) topic for details on setting a *Time Buffer*

## Approve/Unapprove Time Entries

Follow these steps to walk through the time entry approval process.

1. Point to **Staff (menu) > Time Clock > Approve/Unapprove Time**. If needed, filter your search by selecting **criteria** from the *Search Criteria* section.
2. Select a **Display Setting**.
3. Click **Preview Staff Hours**.
4. Click the **Note** (icon) if any contain the word *Note* so that you can read any messages left by

staff.

5. Use the **Email** icon to email staff members any questions you may have.
6. **Make changes** to time if necessary.
7. Approve hours by clicking the **Approve** checkbox for each entry or use **Check All Rows** to approve time globally.
8. Click **Save Changes**.

## Display Settings

Display Settings offers three choices.

### Staff Summary

This displays the total hours per staff person per department.

**Approve/Unapprove Time**

← RETURN   **SAVE CHANGES**   **CLOSE PAY PERIOD**

HELP	Alicia Harris	GYM	John Linton	1.50	<input type="checkbox"/>
HELP	Lisa Shaw	SWIM	John Linton	3.00	<input type="checkbox"/>

Search a column by entering a word into any Search box.  
Sort a column by clicking the Column Header.

### Individual Time Entries

This displays the in/out times and the actual number of hours worked for each time entry.

When the *Individual Time Record* option is selected, the *Show Actual vs. Scheduled Hours?* and the *Find Time Entries from prior pay periods?* fields become active. If *Show Actual vs. Scheduled Hours?* is set to *Yes*, the result will indicate both the *Actual Hours* and the hours a staff person was scheduled to work. If *Actual Hours* are higher than *Scheduled Hours*, this field will display red in the report, alerting you there may be an overage/problem with this time entry.

								Actual Hours: 0.50	Scheduled Hours: 0.50				

*Scheduled Time* is determined by adding the class duration for any instructor's class. It is very important for Classes to be entered correctly in order for *Scheduled Time* to calculate correctly. The following must be entered for each class and is entered from the Class page.

- Status=Active
- Start Time & End Time (in format 4:00pm)
- Class Meets (a day must be checked)
- Class must have students enrolled.
- Class must have instructors listed under the Instructor tab.

**Tip:** Verify this information is correct for all classes by using *Classes > Edit All Classes*.

If *Find Time Entries from prior pay periods?* is set to Yes, any unapproved time entries in previous pay periods will also display.

## Edit Time from Approve Time

With the appropriate permissions, a User can edit staff *Actual Hours* while in *Approve Time*. This allows the user to make changes to the actual hours worked without having to edit the original in and out times and without going into the individual staff person's time clock tab.

To give this permission to a user, ensure that **Edit Actual Hours in Approve Time** is checked in the Gear (icon) > **Settings > Users & Permissions** for this user.

**Approve/Unapprove Time**

← RETURN   SAVE CHANGES   CLOSE PAY PERIOD

Pay Period: 03/27/2023 - 04/09/2023   Legend: Prior Pay Period Time Entries Split Time Over-Scheduled Hours Actual Hours Changed

Show Actual Hours vs Scheduled Hours  

View 1 - 7 of 7

HELP	<a href="#">Lisa Shaw</a>	SWIM	John Linton	4/7/2023	Fri	4:15pm	5:00pm	0.75	Regular	<input type="checkbox"/>		
								Actual Hours: Scheduled Hours:	0.75 0.75			

The actual hours can be edited. This allows you to quickly make a change when needed.  
*Note: This requires a specific User Permission.*

**Tip:** The clock recognizes minutes are a portion of an hour and computes them accordingly. Example: Zippy clocked in at 3:46 pm and clocked out at 4:04 pm. He worked 8 minutes; so Jackrabbit calculates the partial hour as 8 minutes / 60 minutes and displays the result as .13. (8 / 60 = .13).

## View a Note

If a note has been added to a *Time Entry* by a staff member, the Note icon will display with the word "NOTE" in it. Click the icon to view the note.

**Frequently Asked Questions**

**Manage the Time Clock Step 3 - Close Pay Periods**

## Manage the Time Clock Step - Close Pay Period

After all hours within a pay period have been approved, the pay period should be closed. The process of closing the pay period marks all hours as being paid with a Paid Date.

1. Go to the **Staff (menu) > Time Clock > Close Pay Period**. **Tip: There is also a Close Pay Period button on the Approve/Unapprove Time page.**
2. Select the **Pay Period**.
  - o If you'd like the report to display any unpaid time entries prior to the selected pay period, select **Yes** in the *Find unpaid time entries dated prior to this pay period* field.
3. Click **Preview Staff Entries to Close**.
  - o A pop-up warning message opens if there are hours within the pay period that haven't been approved. If this alert pops up, click the **View Not Approved Time** link within the pop-up to view and approve the time.

- o If necessary, you can re-open a Pay Period by going to **Staff > Staff Portal > Portal Settings**. Click the **Re-Open Pay Periods** button in the **Time Clock Pay Periods** section.

6. Select the **Pay Date** in the **Re-Open Pay Period** window.
7. Click **Re-Open Pay Period**. Click **OK** in the warning window.
8. Preview the hours listed by ensuring the **Process** checkboxes in the last column are checked.
  - o When satisfied with the list, click **Confirm Staff Entries to Close**.
9. Change the **Pay Date** if necessary.
10. Click **Close Pay Period**. If prompted, click **OK**.

**Expand/Collapse All**

### ▢ Frequently Asked Questions

## Manage the Time Clock Step 4 - Export to Express Payroll

To use this feature, you must be an [Express Payroll](#) client. Jackrabbit recommends Express Payroll due to the flexibility of unlimited custom pay rates which support Jackrabbit Departments. Jackrabbit can create a CSV file to export at the end of each pay period. This file is specifically formatted to enable import into the Express Payroll payroll system.

If you are using Express Payroll, be sure you've read through [Express Payroll](#) information in the [Export Settings](#) topic before attempting your first export.

## Export to Express Payroll

1. Go to **Staff > Time Clock** and click **Export to Payroll**.  
Note: There is also an Export to Payroll button on the [Close Pay Period](#) page.
2. Select a **Location** and a **Pay Date** from the drop-down choices.

## Export to Payroll

[← RETURN](#)

**Search Criteria** [?](#)

A pay date's information can be exported as a CSV file to send to a payroll service, emailed to Express Payroll or exported as a QuickBooks file.

Location:

Pay Date: \*

Export/Edit CSV File     Email File to Express Payroll     Export QuickBooks File

3. Click **Email File to Express Payroll**. In the Email Express Payroll pop-up window, notice the Email Subject Line includes the name of the Org, Org ID, and the Pay Period Ending Date. This line is not editable.
  - o Alternatively, if you need to make updates to the CSV file, click **Export/Edit CSV File**. Open the file and select the option to save the file to your computer. Make updates as needed and email to Express Payroll.  
Note: We recommend you create a special folder on your desktop to help keep these files organized.
4. Add a **message** if applicable. For example, you can enter any pay rate changes and other important information in the message area.
5. Select applicable email addresses for **Send Additional Emails To**. We recommend that you include your own email address, so you can keep a copy for your records.
6. Click **Send**.

## Related Section

These sections should be used when you need to modify and provide staff details and additional payroll information to Express Payroll.

Location Summary

Use (no value) to locate staff who do not have anything set for *Salaried* on the *Summary* tab of their *Staff* record.

## Display Settings

There are nine display formats:

<b>Staff Detail</b>	Displays each staff person's time entries including the following: Location, Department, In and Out Times, Hour Type, and Total Hours.
<b>Staff Summary</b>	Summarizes all staff time. Includes: Staff Last Name, Staff First Name, and Total Hours.
<b>Staff Summary by Department</b>	Breaks out total hours by Department and staff members in each department.
<b>Staff Summary by Dept with Estimated Gross Wages</b>	Breaks out total hours by Department and staff members in each department with pay rate and estimated gross wages.

<b>Staff Summary by Location</b>	Breaks out total hours by location and staff members in each location.
<b>Department Detail</b>	Groups by Department and displays the following information: Location, Staff First Name, Staff Last Name, Hour Type, and each individual time entry Total Hours. There is also an option to view Estimated Gross Wages.
<b>Department Summary</b>	Groups by Department and displays the following information: Location & Total Hours. Option to view Estimated Gross Wages.
<b>Location Detail</b>	Groups by Location the following information: Departments, Staff First Name, Staff Last Name, Hour Type, and Total Hours.
<b>Location Summary</b>	Groups the department total hours worked per location. Displays Dept, Total Hours, and Estimated Gross Wages.

## Estimated Gross Wages

The option to display *Estimated Gross Wages* is only available using the *Department Detail* and *Department Summary* formats.

The screenshot shows a 'Display Settings' form with two dropdown menus. The first is 'Report Format' set to 'Dept Detail'. The second is 'Display Estimated Gross Wages' set to 'Yes'. A blue 'Submit' button is at the bottom. A yellow callout box on the right contains the text: 'Display Estimated Gross Wages is only an option when the Report Format is set to either Dept. Detail or Dept. Summary.'

Estimated Gross Wages is also reported on the *Staff Summary by Dept with Estimated Gross Wages*. This is called estimated because the Time Clock does not calculate overtime dollars, only regular hour dollars. Jackrabbit also does not calculate any withholdings, deductions, or payroll taxes.

The estimated gross wage calculation is based on the hours the staff person enters into the time clock multiplied by the appropriate pay rate. If *Department Pay Rates* were entered, Jackrabbit matches up the *Time Entry Department* with the *Department Pay Rate*. If a *Time Entry* doesn't have a *Department Pay Rate*, the *Base Hourly Rate* is used to calculate *Estimated Gross Wages*. (Pay rates for each staff member can be entered in the staff person's *Compensation* tab.)

**Only the two reserved Pay Rates - Base Pay Rate and Department Rate - can be used to calculate Estimated Gross Wages.**

## Staff Here Now Report

This report displays all staff members that have a *Time In* but do not have a *Time Out* recorded for the current day. Incomplete time entries from previous days are not displayed.

1. Go to the **Staff** (menu) > **Staff Reports** > **Staff Here Now Report**.
2. Select a **Location** and/or **Departments** if applicable.
3. Click **Submit**.

Any staff member that clocked in but never clocked out will be displayed in this report.

## Staff Time Audit Report

The **Staff Time Audit** report offers a record of the activity in the time clock displaying the date & time, the staff member's name of the time record affected, the action (insert, update, delete), the field name, the old & new values, and the person involved.

1. Go to the **Staff** (menu) > **Staff Reports** > **Staff Time Audit Report**
2. Select **Search Criteria**. (You must choose a *Pay Period* to generate the report.)
3. Click **Submit**.

## Staff Pay Rate Report

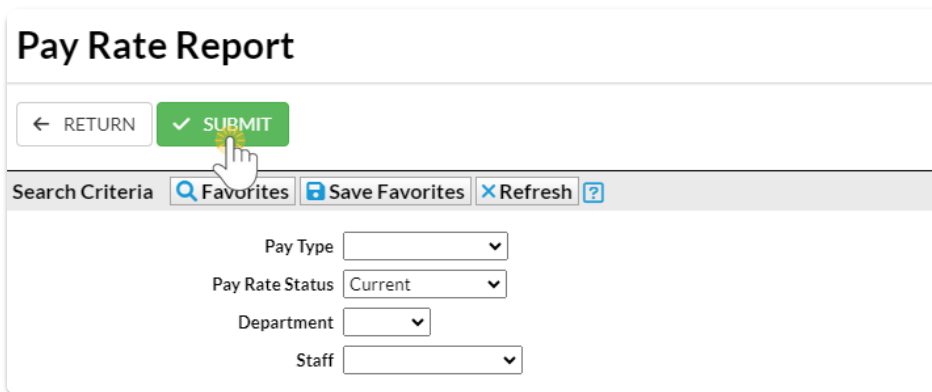

The **Pay Rate** report provides you with a list of staff pay rates based on filters (Search Criteria) you select.

Get to this report from the **Staff** menu > **Staff Reports** > **Pay Rate Report**.

- ★ Customize your report to list employee pay rates based on Pay Type, Pay Rate Status (Current/Future), and Department.
- ★ Review your employee's current pay rate and the effective dates.
- ★ Review pay rates to determine if you can increase the rates for your employees.

## Search Criteria

You can filter your list of staff pay rates using any or all of the Search Criteria and Jackrabbit will compile the report to meet ALL of the criteria chosen.

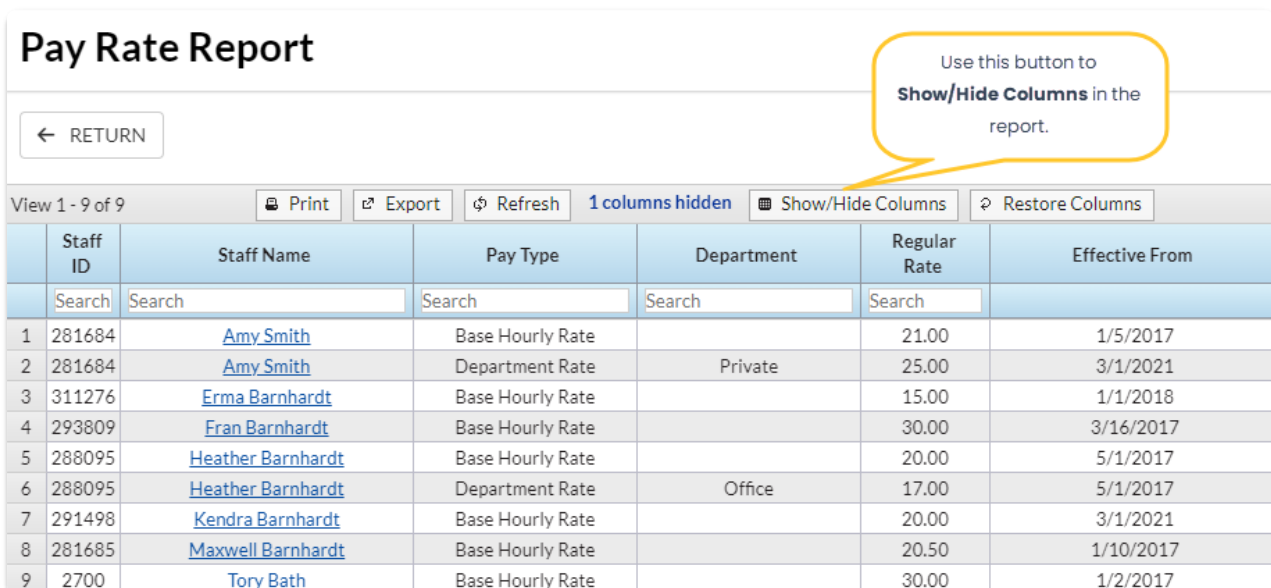

The screenshot shows the 'Pay Rate Report' search criteria form. At the top, there are two buttons: 'RETURN' and 'SUBMIT'. Below these are four search criteria: 'Pay Type', 'Pay Rate Status' (set to 'Current'), 'Department', and 'Staff'. There are also buttons for 'Favorites', 'Save Favorites', 'Refresh', and a help icon.

## Report Results

The report results can be further customized with the ability to show or hide columns of information, sort columns, or modify column widths.

- Click the **Show/Hide Columns** button, to select which columns of information you want displayed.
- Click a staff member's name to open their **Staff** record > **Compensation** tab.

The screenshot shows the 'Pay Rate Report' results table. A callout box points to the 'Show/Hide Columns' button, stating: 'Use this button to Show/Hide Columns in the report.' The table has columns for Staff ID, Staff Name, Pay Type, Department, Regular Rate, and Effective From. The first row shows a search bar for each column. The data rows list staff members and their pay rates.

	Staff ID	Staff Name	Pay Type	Department	Regular Rate	Effective From
	Search	Search	Search	Search	Search
