

Log In and Out of Jackrabbit

Jackrabbit is accessible from any computer or device with internet connectivity through multiple access options.

Our Support Team generates your initial **User ID** and temporary **Password**, which you will receive via email. You will use these credentials to log in to Jackrabbit. If you do not have your User ID and temporary password, contact our Support Team at support@jackrabbittech.com.

There are multiple login methods available on the main login page which is accessed from <https://www.jackrabbitclass.com>. Bookmark this page for quick access!

Anti-virus software or a firewall might block you from logging into Jackrabbit using Facebook or Google. To resolve this, open your anti-virus software and find the Web Protection Exception option. Add the following domains: connect.facebook.net and accounts.google.com/gs/client. If you continue to experience login issues, please reach out to support@jackrabbittech.com.
